FOREWORD

Our neighboring state is celebrating its past, featuring the six flags that have floated over it. Some of us have been to that exhibit. We were impressed — very impressed. But imagine our thrill of pride when we realized that our own Louisiana has been under *ten* flags. So we decided to have a little exhibit of our own in the 1963 *Chinquapin* to express our pride in the colorful past of our state and to be sure that every N.H.S. student was aware of these things. Hence, mixed with our memories of the past school year are sketches of our beautiful Louisiana under the Spanish flag DeSoto flew in 1542, the French Fleur-de-Lis flag LaSalle implanted in 1682, the Spanish flag that replaced it after 1763, the English flag that flew over Baton Rouge during the Revolution, the Tricolor of France that floated on high from 1800 to 1803, to be replaced in that year by the fifteen star American flag of Jefferson's day, the one-star flag that symbolized the Florida parishes after their revolt from Spain until their annexation by Madison, the red-yellow-blue-and-white flag of the state from its secession to its joining the Confederacy, the Confederate flag, the Pelican State flag adopted in 1914, and most beautiful of all—our fifty-starred Old Glory!

The *Chinquapin* Staff takes great pleasure in dedicating its 1963 yearbook to a beloved teacher of Natchitoches High School. For many years this scholar has taught with warmth and understanding. She has had the respect and love of literally thousands of students, because her standards of performance have always been high, for herself and her students. Having dedicated her entire life to the art of good teaching, she can measure her success by the many students, past and present, who testify to the profound influence she has had on their lives.

In addition to her excellent teaching, she has unselfishly devoted much time and knowledge to every activity of the school, including the *Chinquapin*. Yet, with all this unending activity, this teacher has always shown a personal interest in every boy or girl whom she has ever taught. She has found time to be a friend to many, many students, who have responded to her exceptional humor, her inspiring courage, and her sincere devotion, with warmth and the deepest regard.

We, the present *Chinquapin* Staff, on behalf of students past and present, wish to thank our "Aunt Mary" for all the years she has given us and for her untiring love and devotion. Our deepest gratitude is offered to
